Wholesale List

TERMS

All stock offered in this list has been transplanted every two years. This stock has a wonderful root system and color of stock is exceptionally bright. We therefore invite you to inspect this stock before buying elsewhere. We will be glad to see you at any time. All the following prices include balling and burlapping, also packing. Stock will be delivered to railroad or express station. After we have made delivery and received receipt for same, goods travel thereafter at purchaser's risk. We will not be responsible for any delay in transit or mishandling of cases. Stock shipped in carload lots will be allowed 5% discount from prices quoted in this list.

All offers are subject to prior sale, shortage or failure of crops, or other causes beyond our control. We give no warranty express or implied and will not be in any way responsible for the results of planting or forcing of any plants, roots or shrubs sent out.

While we take great care in not booking more orders than our stock warrants, we reserve the right to pro-rate all orders if at the time of digging we find that shortages do exist.
